King's InterHigh is a
registered online Cambridge
International School

An **inspired** school

“

Young people feel so much pressure. We should be able to go to school to learn and become better people, not stress and panic ourselves. With online schooling, you can be yourself without the judgement of other people, which is refreshing. This is my third year at King's InterHigh and I'm loving it.”

— Maddie Evans, Year 12

House of the Dragon actress

As the original online school, we are proud to have educated over 10,000 students since 2005, guiding every young learner along their individual pathway to success.

We know that there's no 'one-size-fits-all' when it comes to learning. That's why every individual King's InterHigh student receives a flexible, high-quality education that revolves around their needs and lifestyle. Our expert teachers guide students to learn, grow, and thrive together, with a British and international education designed for online, from Primary to Sixth Form, for ages 7 to 19.

Sports stars balancing learning with training; free spirits saying no to convention and yes to creative expression; ambitious students reaching for the world's top universities; those prioritising their mental health — our diverse global community is here for everyone. Alongside an excellent education, students also enjoy a vibrant school experience with extracurriculars, meet-ups, wellbeing support, and guidance for their future dreams.

At King's InterHigh, we strive to make school a happy place to be, giving families back those precious moments together. As Executive Headteacher, I would love to welcome you to join our online school community.

Learning with King's InterHigh

At King's InterHigh, students learn in live online lessons with expert UK teachers each school day. To ensure your child gets the very best education with us, all our teachers are experienced and highly qualified – both in their subjects and in online learning.

Classes are packed with interactive elements and classroom collaboration to get every child engaged. Students can participate through their webcams, headsets, and text chat, completing regular polls, quizzes, and hands-on activities. Plus, your child will get to use a variety of innovative technologies in the classroom, enhancing their learning with simulations, virtual reality (VR), and more.

- 👑 Live and collaborative online lessons, from anywhere in the world
- 👑 Flexible learning at any time with 24/7 access to lesson recordings
- 👑 Over 40% of students achieve top grades of 7-9 at IGCSE and A-A* at A Level
- 👑 Part of Inspired Education, the leading global schools group, where 1 in 3 graduates attend Oxbridge, Ivy League and Russell Group universities

A British and International curriculum

We teach a full school curriculum, beginning with the English National Curriculum for younger students. Learners then study for their world-respected International GCSE qualifications. In Sixth Form, students can choose from two pathways: British A Levels or the online IB Diploma, both leading to top universities and careers.

Key Stage 2

Recommended age: **7-11**

Core subjects: **11**

Optional subjects: **2**

Key Stage 3

Recommended age: **11-14**

Subject choices: **17**

Key Stage 4

Recommended age: **14-16**

IGCSE choices: **22**

Assured subjects: **5**

Key Stage 5

Recommended age: **16-18**

AS/A Level choices: **21**

International Baccalaureate (IB) Diploma subjects: **20**

Students take their IGCSE, A Level, and IB exams in-person as private candidates, with examination centres available in numerous countries worldwide. Our exams team is on hand to help you find the right local centre.

“ We’ve noticed a very marked difference in our child’s mood, it’s actually like we have our child back - so much happier, so much more relaxed, and enjoying lessons. It’s so stressful as a parent trying to force your child into school knowing they just don’t really fit and are not happy...It’s just that one-size mainstream school doesn’t fit all. ”

— Elaine, Year 10 Parent

Our Community

Students enjoy a rich school life together at King's InterHigh, with a wide array of online and offline activities to choose from.

Each learner is assigned to a tight-knit House community, and the school comes together regularly for events, common rooms, and more. We have extracurriculars to suit everyone, from Chess Club to Medical Society, as well as a safe social media platform ('Yammer') for chats with friends.

The Student Council and school newspaper, meanwhile, give our young people a chance to show their own initiative. Your child will also find plenty of opportunities to meet friends in person, and students can stay in touch with each other long after graduating through the King's InterHigh Alumni Network.

An **inspired** school

As part of Inspired, the world's leading education group, King's InterHigh students can complement their online learning experience with exchanges, summer camps, virtual events, and in-person activities at over 80 premium international schools across five continents.

“

The meaningful global connectivity at King's InterHigh creates a deeper, more enriched learning experience, developing international outlooks that empower students for their exciting futures.”

— **Nicholas Wergen**
Global Education Director, Inspired Education

From our families

My time at [King's] InterHigh has made me a more involved learner, allowed me to explore my interests both academic and non-academic, as well as given me a sense of independence.”

— **Leana**

King's InterHigh Alumnus

After achieving A*A*A in her A Levels, Leana will be studying Civil Engineering at Imperial College London this year.

We are so pleased with the progress Rebecca has made in such a short time... She had become withdrawn, anxious and cried to go to school almost every day. [King's InterHigh] was the best decision we ever made. We have our happy bubbly little girl back!

— **Yvonne**

Rebecca's Parent, Year 4

Yvonne says Rebecca is now “loving school” after struggling with bullying in mainstream education.

“I can now balance my schooling, my business, cooking — and King's InterHigh helped me a lot with that. It just makes me feel so happy.”

— **Omari McQueen, Year 9**

Britain's youngest TV chef, vegan brand owner, and cookbook writer
